United States Senator Ben Ray Luján (D-NM)

and special guests

Adrienne Sandoval, Director of the New Mexico Oil Conservation Division

Randy Pacheco, CEO A-Plus Well Service

Adam Peltz, EDF Senior Attorney, Energy

About Senator Luján’s landmark REGROW Act to safely clean up orphaned gas wells, restore land, address climate change, and protect our water

— The Revive Economic Growth and Reclaim Orphaned Wells (REGROW) Act —

Tuesday, January 25, 2022
12:30 to 1:30 p.m. MST

The panelists will discuss the new federal funding to plug, remediate, and restore orphaned oil and gas wells in New Mexico and across the country. Last year, Senator Luján led the \$4.7 billion legislation, which was included in the Infrastructure Investment and Jobs Act. Plugging and remediating these wells will create tens of thousands of jobs nationally while reducing climate emissions, local environmental impacts, and public health risks. Please share this with your networks.
